

The Health & Safety Policy of The Geasar Group

GEASAR S.p.A, within the broader articulation of its corporate strategies, considers a priority the protection of the Health and Safety (H&S) of its workers, of those of the controlled companies Cortesa S.r.l. and Eccelsa S.r.l. and all those who interact in the airport system.

The company is committed to providing healthy and safe working conditions to prevent work-related injuries and illnesses. The H&S Policy of the GEASAR Group comprises the following actions:

- Ensure that its activities are carried out with the highest ethical standards and in compliance with the current legal provisions;
- Maintain an effective Safety Management System (SGS) that meets the requirements of the OHSAS18001 / 2007 standard certified by an accredited third party;
- Establish, implement and maintain procedures for identifying and eliminating hazards and reducing risks, involving workers and their representatives;
- Implement a program of continuous improvement aimed at achieving the objectives related to health and safety in the workplace;
- Raise awareness and involve stakeholders for a responsible commitment to comply with the current legal provisions and the Safety Management System implemented by the Geasar Group;
- Verify that the H&S Policy and the related Safety Management System are understood, implemented and maintained at all levels of the organization, that the system is supported by periodic and systematic training activities and this document is available to interested parties.

The translation of these commitments into successful results will be the combination of the commitment of the Geasar Group, its Partners and all other interested parties.
